

SPORT PERFORMANCE**DUNLOP SP SPORT 01A™**

HIGH-PERFORMANCE TIRE

FEATURES

- Jointless Band Technology ™
- Aramid® reinforced bead
- Max Flange Shield ™
- Silica tread

BENEFITS

- Dependable ride uniformity and tread wear
- Ensures tight and secure fit of the tire on the rim
- Protects rims from accidental curb damage
- Increases dry and wet traction as well as reduces rolling resistance

UNIQUE DUNLOP TECHNOLOGIES™ **Jointless Band Technology**

It maintains the tire's ideal shape at highway speeds. Nylon is positioned in all the right places to improve handling and tread wear. And unlike sheet cap plies, this one is spiral wound and doesn't have splices, which can lead to unwanted vibration.

™ **Max Flange Shield**

The rubber guard extends beyond the rim and wraps around the lower sidewall of the tire to protect rims from accidental curb damage.
