**UNIQUE DUNLOP TECHNOLOGIES****MFS**™ Max Flange Shield

The rubber guard extends beyond the rim and wraps around the lower sidewall of the tire to protect rims from accidental curb damage.

**JLB**™ Jointless Band Technology

It maintains the tire's ideal shape at highway speeds. Nylon is positioned in all the right places to improve handling and tread wear. And unlike sheet cap plies, this one is spiral wound and doesn't have splices, which can lead to unwanted vibration.
